

Are you or is someone you know looking to adopt a pet?

# *Penny & Patches are looking for a new home*

Hi, I'm Patches, a male cat, looking for a good home with my sister, Penny. We're black and white/tabby cats, about three years old and 11 pounds each. We currently live indoors with our elderly owner in Cresskill. I love being a lap cat and completely eat up any attention I'm given! My sister, Penny, is more independent. She doesn't always like other cats but she loves to be petted. She'll even dance upright on her hind legs for attention! Our mom is getting on in age and its too much for her to care of us along with her other, more elderly cats. So we're hoping to get adopted by a loving family. We're spayed and neutered, very healthy and up-to-date on our vaccinations.

Please come visit us today! You'll discover Patches and Penny are a puurrr-fect pair!

**Please contact Celine at 201-615-9078 for more details and to arrange a time to meet us.**

Companion Animal Advocates' Home2Home Program aims to re-home pets, bypassing surrender to shelters or rescues and avoiding trauma to both pet and owner.
