

We Gather Together

Give thanks by filling shelves and providing meals to those in need

COMPILED BY AMELIA DUGGAN

Severe weather in late summer has left food pantries and rescue programs scrambling to keep up with increased demand. Help make a meaningful holiday season for friends and neighbors by supporting programs in our communities. ■

TIP
When purchasing food to donate to a local pantry, consider buying multiple quantities of a single item like peanut butter or pasta. Why? It's much more efficient for staff and volunteers to unload the packages and stock the shelves.
